LEARN TO SWIM PROGRAM

A full Learn to Swim program has been developed with a child friendly theme, encouraging younger children to enjoy and grow confident in the water whilst learning swimming techniques.

Builds basic water safety skills, helping young children to become comfortable in the water so they are willing and ready to learn to swim.

These basic skills including adjusting to the water environment, showing comfort while maintaining a front or back position in the water and demonstrating breath control, including blowing bubbles or voluntarily submerging under water.

Each group will be building skills every week so that they continue their learn to swim program - setting them up as swimmers for life!

FS1/2 Class Ratio: 4:1

KS1/2 Class Ratio : 5:1
